

1st BMEMat-Advanced Materials Joint Symposium Conference Notice

We are pleased to announce the 1st *BMEMat-Advanced Materials* Joint Symposium, scheduled to take place from August 13th to 16th, 2024, at The Chinese University of Hong Kong. This event is co-organized by Shandong University and Wiley, and hosted by The Chinese University of Hong Kong along with the BMEMat editorial office.

The symposium will bring together leading scholars in the field of biomaterials from around the world. Highlights include plenary talks by prominent scientists and top-tier journal editors, as well as the BMEMat Lifetime Achievement Award ceremony honoring Prof. Nicholas Peppas. Attendees will have the opportunity to engage with cutting-edge research, connect with international experts, and foster new collaborations.

We look forward to a highly enriching and collaborative event that will provide valuable insights into the latest advances in biomedical research.
